Fees and Expenses

If you have an account in the Plan, it may be subject to the following types of fees and expenses:

- Asset-based fees
- Plan administrative fees and expenses
- Individual fees and expenses

Asset-Based Fees

Asset-based fees reflect an investment option's total annual operating expenses and include management and other fees. They are often the largest component of retirement plan costs and are paid by all shareholders of the investment option. Typically, asset-based fees are reflected as a percentage of assets invested in the option and often are referred to as an "expense ratio." You may multiply the expense ratio by your balance in the investment option to estimate the annual expenses associated with your holdings.

Asset-based fees are deducted from an investment option's assets, thereby reducing its investment return. Fee levels can vary

widely among investment options, depending in part on the type of investment option, its management (including whether it is active or passive), and the risks and complexities of the option's strategy. In some instances, a Plan's administrative services may be paid for through offsets and/or payments associated with a Plan's investment options.

Plan Administrative Fees and Expenses

Plan administrative fees may include recordkeeping, legal, accounting, trustee, recordkeeping, and other administrative fees and expenses associated with maintaining the Plan. Some Plans may deduct these fees and expenses from individual accounts in the Plan.

Based on the information and direction Fidelity had at the time this Notice was prepared, the following Plan administrative fees listed below may be deducted from accounts in the Plan. The Plan's administrative services may also be paid for through offsets and/or payments associated with one or more of the Plan's investment options. As you review this information, please keep in mind that fees are subject to change and that certain Plan administrative fees may not be deducted from accounts in certain circumstances.

Type of Plan Administrative Fee	Amount
Recordkeeping Fee	An annual fee of 0.24% of the Plan's assets will be deducted quarterly from participant accounts proportionally based upon account balances who are Retired, Terminated, Beneficiary Spousal, Beneficiary Non Spousal, Alt-Payee Spousal, Alt-Payee Non Spousal, Deceased or Disabled.

If any Plan administrative fees are deducted directly from your account, they will be reflected on your Plan account statement.

Individual Fees and Expenses

Individual fees and expenses include those associated with a service or transaction you may select, or an investment option you hold in your account. In some instances, they may be deducted from the accounts of those individuals who utilize the service or engage in the transaction.

If you have an account in the Plan and you select or execute the following service(s) or transaction(s), the fee(s) outlined below may be deducted from your account based on the information and direction Fidelity had on file at the time this Notice was prepared. As you review this information, please keep in mind that fees are subject to change and that certain individual fees may not be deducted in certain circumstances.

Type of Individual Fee	Amount

Loan Maintenance Fee	\$ 25 per year per loan
